Vigeo Eiris

Rebecca MacKinnon: Director
Ranking Digital Rights

Matthias Thorns: International Labor Relations and Workplace Rights Manager
Coca-Cola Company

“ This session will be an opportunity to analyse and compare Human Rights Benchmarks and discuss what they tell us about companies’ performances and processes related to remedy.

Gathering views from different stakeholders, the session will explore the challenges related to remedy access from a business and trade union perspective but also shared experience from the audience.

Recommendations for further progress and better cooperation will be discussed, as well as potential risks and opportunities for companies. ”
